

Recreation Commision Report

March 12, 2013

- The Recreation Commision finished finalizing the Easter Egg Hunt. We have run into a few minor problems. The ad that was placed in the Advisor was not updated correctly but the flyers we sent out are correct and a poster has been placed up at the Recreation Center with the new information on it. Also we were notified at our meeting that the Thunderbolts were unable to handle running the concession stand so we needed to request funds to purchase food items to sell since we had stated the concession stand would be open for the event. Now we pray for good weather for the event on March 24th.
