

Recreation Commission Report

March 26, 2013

- The Recreation Commission held an emergency meeting on March 21st due to the fact that the Thunderbolt Stadium field was unable to be used due to the weather conditions. Safety and convenience were our primary concerns so the Recreation Commission felt the easiest solution was to move the event to Caesars Park. Public works was notified of what we needed at the park and they took care of all our needs. We posted people at the Stadium the day of the event to notify them of the changes made. Mother Nature was not kind that day but we believe all that attended had a great time. A posting was made on website Monday the 26th explaining what took place in case there was any confusion and a “Thank You” will be posted in the Advisor for April. We had 40 NHS students help this year. They did a fantastic job.
- Discussion was held about renovations needed at Caesars Park. The commission is planning on going to make a visual inspection to get a better idea. We do know we would like new playground equipment and stands. Catalogs are being requested to view different options for both.
