

Crestwood Arts Council

Purpose Statement for Arts Roundtable

The Village of Crestwood does not currently have an Arts Council in place. First, we gather the people; the artists and those with a valued appreciation of the Arts. It is our goal to include the input of the community in putting together a committee to showcase local talent and work together with Council and the Village Board to improve our aesthetic growth to improve and beautify public space in our Village.

- **Share ideas for the development of art related activities in Crestwood**
- **Identify local artists, arts in the schools and reach out to educators to encourage participation**
- **Use of social media to enhance notification of upcoming art events in town. Identify a council member's tech talent to start art council Facebook page/post in a responsible and positive fashion**
- **Those that wish to be on the Council Board submit letter of interest to Village Board**
- **Discuss time line for first project, "Picture Crestwood", photography campaign.**
- **Take submissions for Crestwood Art Council Logo**
- **Develop a mission statement for newly formed council**

- How do you celebrate/appreciate the Arts?
- Are you an artist, Art Teacher, or know of any local talented residents?
- What would you like to see in your town?
- Are you available to volunteer your time and talent to this Council?
- What do you admire about other communities beautification?
- How can we improve our Village aesthetically?
- Where do you visit to enjoy beauty
- Any special talents? How would you like to be utilized in this new Village venture?
- Your thoughts:
